

RemSoc

The 2nd RemSoc Conference

Building on CLR11: A Practitioners Framework for Remediation

09:30-16:30, 7 March 2018

[The Studio](#), 7 Cannon Street, Birmingham, B5 2EP

Building on CLR11: A Practitioners Framework for Remediation

We are delighted and excited to announce that we will be holding our second conference back at [the studio](#) in Birmingham City Centre on 7 March 2018.

Since our inception, RemSoc's goal has been to promote best practice in the remediation sector. The road map for the Society was ratified at our inaugural conference in February 2016, where we cemented our aspiration to take the good work of CLR11 further and develop a framework to support our goal of "doing remediation right".

After 2 years of development, we will be using our 2nd conference to launch the **RemSoc Practitioners Framework for Remediation** and also to provide a platform for the society's **Early Career Practitioners** to share their industry experiences and develop their presentation skills.

As with the first conference, our aim is to provide a "different", engaging and thought provoking day. We will be taking you on a journey through the framework using an innovative format; road testing the framework and providing ample opportunity and encouragement for feedback and contribution to the final version.

Questions? Contact info@remsoc.org

Format for the Day

1. **Welcome** – an opening session looking back on what has been achieved over the past 2 years followed by a short over view of each of the working groups and an introduction to the Remediation Framework.
2. **The RemSoc Remediation Framework** – there will be a series of interactive sessions throughout the day exploring some familiar project situations and assessing the suitability of the framework to support good decision making, gathering your thoughts and feedback throughout.
3. **Early Career Practitioners** – as announced in December we will have a series of short presentations from our ECP members together with poster sessions that will be available throughout the day. *(Calling all ECP members – please send poster or presentation topics to andrew.morgan@geosyntec.com)*
4. **Open Forum** – we will close the conference with a forum open to all.

Conference Joining Details

We have capacity for 140 **members** at the conference so please book early to avoid disappointment.

The conference fee, which will include refreshments throughout the day and lunch, will be **£30**.

You can register for the conference (and renew your membership) at:
